SILVER WIDDING.

Mr. and Mrs. Walter Kelly Celebrate the 25th Anniversary of Their Marriage.

Mr. and Mrs. Walter Kelly celebrated their silver anniversary at their handsome home on Fifteenth street last evening.

A large number of their friends responded to invitations sent out for a reception at eight o'clock.

Among those from a distance were Mr. and Mrs. Jeff D. Hunt, of Jackson, Tenn.; Mr. and Mrs. Almon Carroll, Nashville; Mrs. Julia Howe and Master William H. Howe, Nashville; and Mrs. A. H. McClure, of Frankfort, Ky.

The tables were beautifully decorated in white and green and the most delicious refreshments were served during the evening.

Mr. and Mrs. Kelly were the recipients of a large number of elegant presents appropriate to the occasion. Mr. Kelly is an ardent advocate of the gold standard and one of his intimate friends accompanied a hand some present with the following characteristic letter:

"Knowing your aversion to the 'free and unlimited' we feel some hesitancy in presenting even at your 25th anniversary, a piece of 'white metal,' but by special arrangement the lining is of brass, rather suggestive to an insurance man. With it please accept our congratulations on your useful and happy lives and our best wishes for a still brighter future."

"May life be long
Your sweetest song,
Your sweetest day
At noon."

This letter is copied by permission without the signatures.

Mr. Kelly was married on Nov. 14, 1872, to Miss Mattie McClure, of Frankfort; the ceremony being performed in that city by Rev. J. W. Nesbit.

To them have been born six children, three sons and three daughters. The oldest son, Mr. McClure Kelly, is engaged in the insurance business and occupies a responsible position with one of the best companies, with headquarters at Atlanta.

The second son, Wallace, is a book keeper for one of the local tobacco firms. The oldest daughter, Miss Annie Todd Kelly, graduated from the High School department of the Public Schools last June and is one of Hopkinsville's most beautiful girls. The three smaller children are still in school.

Mr. Kelly is the active member of the insurance firm of Long & Kelly and is one of Hopkinsville's best known and most prominent business men.

TOUCH LIKE CROESUS.

All Things Turned to Gold for This West Kentucky Argonaut.

A bonanza king was laid to rest in his native West Kentucky last Wednesday afternoon. The mortal remains of one of the argonauts of nearly a half century ago was deposited in a little grave in Auburn.

George Davidson McLean left his home in Madisonville, this State, for the golden-stranded beach of California in 1853. His father gave him \$1,000, his capital in life. On his death he had as many millions, perhaps more, than he had thousands when he went away.

During all those years in the west he never married. Now he is gone and his fortune reverts to his only heir-at-law, his sister, Mrs. George Thomas Blakey, of Auburn, Ky. She is now 71 years of age, three years her late brother's senior. Her husband, who is still living, is 76.

They have three children living: Capt. Wm. McLean Blakey, of Evansville; George Davidson Blakey, the editor of a paper in Arkansas; and Mrs. T. W. Blakey, of Hopkinsville. To them ultimately will come the McLean fortunes.

In the early twenties George D. McLean went to San Francisco, Cal. His journey was from New York by way of the Isthmus of Panama. He began life mining gold with pick and shovel. But ill health and poor fortune drove him from the mine to the prosaic duties of clerk in a store. He worked there for several years when he formed a company for opening the Idaho mine in Inyo County, Cal.

That was a bonanza strike. The mine yielded the bright yellow ore to the value of \$14,000,000 before it was exhausted.

The Idaho mine was the beginning of Mr. McLean's fortunes.

The bulk of his fortune is in mines quartz and gravel, in Nevada county, Cal. But besides he owns thousands of acres of land, stock in railroads and real estate in the heart of San Francisco. He was one of the builders and a director of the Nevada county narrow gauge road, which runs from Colfax to the city of Nevada. He owned stock in the Wheatland bank, California. In San Jose, Ohio county he had a ranch of 23,000 acres, a princely place ground even for a bonanza king. He was a half-owner of 33,000 acres in Santa Barbara county. His holdings in San Francisco, both in real estate and railway stock, were considerable.

The deceased had relatives in Paducah, but none of them attended his funeral.—Paducah Visitor.

CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

Paid Off Bonds—Game Law Expires—Arm Broken—Hunters Depart.

Hagging "Bob White."

The bird law expired yesterday and the fields will be full of hunters for the next six weeks. Several hunting parties left this city this morning for a day's sport, and some will be gone all the week. Game of all kinds is reported plentiful and rabbits are said to be more numerous than for ten years.

Have Located the Track.

The directors of the Guthrie Fair Association met at Guthrie a few days ago and located their race course. The track will be a mile long and the work of grading will commence at an early date. The contract for sawing lumber for the buildings, fencing, etc., will be let this week. Most of the lumber to be used will be saved from timber on the association's grounds.

Harry Buckner Badly Hurt.

Mr. Harry Buckner, of Longview, happened to quite a serious accident last Friday morning. He drove up to the store at Bolivar and in stepping from the buggy his foot caught in the lap robe. This threw him violently to the ground. He fell on an arm, breaking one of the bones just above the wrist. The limb was as soon as a surgeon could be procured. Mr. Buckner is now getting along comfortably.

Off For Arkansas To-Morrow.

The Christian County Hunting Club postponed their trip to Arkansas from Sunday until to-morrow. They will leave here over the L. C. at 5:20 a. m. and will arrive on the hunting grounds Thursday night. About 20 horses, 40 dogs, tents, several wagons and provisions to last for three weeks will be carried along. One passenger coach and two box cars will be used in transporting the party. Game of all kinds is said to be very plentiful in Arkansas this season and the members of the club who go this time are figuring on a most enjoyable trip.

Another Debt Reduction.

As a result of the good management of the Democratic officials, City Treasurer Buckner Leavell yesterday redeemed \$6,000 more of the ten this Ohio Valley Railroad bonds not yet due. A cash sum was paid off last year and this payment leaves \$108,000 of the \$115,000 due, although the bonds are not until 1902. These bonds bear 5 per cent interest and could only be called in by consent of the holders, the Hopkinsville, City and First National Banks. At this rate the city will be freed from debt in ten or fifteen years, if our affairs remain in the hands of the Democratic party.

New Dry Goods Store.

Mr. J. Metz has opened up a large stock of dry goods, notions, clothing, etc., in the store house on Main street, formerly occupied by Max J. Moynon, and is now ready for the trade. Mr. Metz has had much experience in the mercantile business, having for a number of years conducted a store in Trenton, and is thoroughly up on all branches of the business. In selecting his new stock he took great pains to buy just such goods as are stylish and suitable for the trade of this section. He bought for spot cash and this fact enables him to offer great bargains in all lines. It will pay you to see his stock before making your fall purchases.

See ad in this issue of the Kentuckian for full particulars.

Some Fine Chrysanthemums.

To Miss Cora Pringle, who lives a few miles east of the city, is due the credit of having raised the finest chrysanthemums ever grown in or about Hopkinsville. Miss Pringle has made a specialty of growing panicles and chrysanthemums for several years, raising them for the pleasure afforded by their cultivation. This year she has about twenty varieties of the handiwork and most desirable chrysanthemums in cultivation. All of the popular shades are represented and many of the blossoms measure five inches in diameter. They have been in full bloom for a week or more and many visitors from the city have gone to Miss Pringle's home to admire the beautiful collection. The young lady who has made such a success with this most popular of autumn flowers, not only possesses exquisite taste and a thorough knowledge of how to raise them, but her experience with them enables her to tell by name all of the leading varieties.

Bob Lincoln's Daughter Married.

Chicago, Nov. 13.—Miss Jessie Lincoln, daughter of Hon. Robert T. Lincoln, and Warren Beckwith, a young business man of Mt. Pleasant, Ia., were secretly married at Milwaukee. She admitted her marriage on her return to Chicago.

ALPHABETICALLY ARRANGED.

The Next Legislature of Kentucky—One Hundred Democrats, Twenty-five Republicans and Two Gold Democrats.

In the next General Assembly of Kentucky, which meets the first of January, there will be a two-thirds majority of Democrats in the Senate and a three-fourths majority of Democrats in the House, including five or ten Populists, elected on fusion tickets. There are two gold Democrats, one in each house, but these will probably go into the Democratic caucus. There are 27 Democrats and 11 Republicans in the Senate, a gain of ten, and 75 Democrats and 25 Republicans in the House, a gain of about 35, classing as Republicans all those who voted against the caucus nominee for Senator.

Of ninety-two members whose occupations are known, there are thirty farmers, twenty-one lawyers, twenty merchants, five preachers, five teachers, five newspaper editors, six doctors and one base-ball manager, the Hon. Harry C. Pullman, President of the Louisville Base-ball Club.

The list of members appears below. Senators marked with an asterisk are holders.

An analysis of the names shows that our old friends Smith, Jones, Brown, Johnson and Williams, are all on hand. There are three new names not counting one Bishop. There are two Joneses in the Senate and two Sharps and two Morris in the House, and one politically. A big majority of the House members are men new to public life, but the Senate is made up largely of men of more than local prominence.

ASPECIAL BARGAIN - FOR - NEWSPAPER READERS.

**The Twice-a-Week Republic
and
KENTUCKIAN
BOTH ONE YEAR, \$2 25.**

It is scarcely necessary to call attention to the superior merits of The Twice-a-Week edition of The St. Louis Republic as a newspaper. It has so many advantages as a news gatherer, that no other paper can claim to be its equal. The whole field of news is covered thoroughly. The special features and illustrations are always the best. More noted writers contribute to its columns than to any other paper of its class. It is published especially to meet the want of that large class of readers who have not the opportunity or can not afford to read a daily paper. It is the leading Democratic paper of the Mississippi Valley and the South and West. By a special arrangement made for a limited time only, our friends will be given an opportunity to take advantage of this liberal proposition. Remember the offer, The Twice-a-Week Republic, 16 pages a week, and the Kentuckian, both one year for only \$2.25.

WANTED THE COUPON.

Lady Who Had Purchased Ten Cents Worth of Postage Stamps.

Many of Manchester's merchants are giving trading coupons to the amount of ten cents or more, which possess a value when one has acquired a certain number. The merchant, of course, has to pay for the coupons, and they are given out as a matter of advertising. A most amusing incident occurred Saturday evening in a store on Elm street, not a thousand miles from the Weston & Fitts block. A lady walked into the store and asked for five 2-cent stamps. It took all there was in the store, but the proprietor wished to please the lady. She took the stamps, handed the proprietor ten cents, thanked him and waited.

"Is there something else, madam?" queried the proprietor.

"Oh, no," replied the lady, "that is, nothing that I wish to buy." And still she waited.

"You gave me the correct change for the stamps, did you not, madam?" asked the proprietor, noticing she still lingered.

"Yes, sir," replied the lady.

"And you are sure there's nothing else you wanted?"

"Well, I noticed that you gave trading coupons here, and, as I have bought ten cents' worth of stamps, I am waiting for a coupon."

The proprietor is slowly recovering. —Manchester Union.

A WONDERFUL CLOCK.

Westminster Timekeeper Varies Only a Second Per Week.

The great Westminster clock is said by experts to be the best tower clock in existence, says the Philadelphia Ledger. The astronomer royal in 1844 laid down the condition for the Westminster clock that it should not vary more than a second a day, and the best clockmaker in London would not attempt to construct a clock under those terms. The result of a long dispute between the astronomer royal, the architect, the government, the house of parliament and the clockmakers of London, which ended, in 1854, in the employment of the late E. J. Dent and his successor, T. Dent, who built the clock under the design and superintendence of the astronomer royal, Edmund Dennis, afterward Sir E. Beckett and now Lord Grimthorpe. The clock was placed in the tower in 1859, and has been running continuously and satisfactorily ever since. It was unfavorably criticised and compared by some of the old-style clockmakers to a mangle, because of its length and apparent rough construction. Its success, however, revolutionized that branch of the trade. The great change consisted in the introduction of a gravity escapement in place of what is known as a dead escapement. The weight required to run it is 160 pounds, of which nine-tenths is required to overcome the friction.

The hands are 11 feet in length and the minute hand is counterbalanced so as to make its total length 14 feet. More trouble is likely to arise from the length of the hands than from any other part of the apparatus. Supported only at one point (on the arbor) the hand gets a strong leverage and tends to loosen them and even change the movement of the clock. Snow and ice lodging on the hands during the sleet storms also act to retard the movement during the last half of an hour and accelerate it during the first half. The minute hand of the Westminster clock is made as light as possible of two copper tubes put together, and weighs 28 pounds. There is but one clock in the world with a larger dial, and that is in the Mechlin church, and is 40 feet in diameter. It has no minute hand, however, and the entire mechanism is, therefore, much simplified.

The Westminster clock reports itself twice a day, by an electrical appliance, to the Greenwich observatory. Its rate is recorded and the results are published in the annual report of the astronomer royal. From this record it appears that the average rate of variation of the clock is less than a second a week. It is subject to abnormal disturbances from thunderstorms, which sometimes amount to seven or eight seconds, but these variations are easily distinguished. The cost of this remarkable clock was about \$20,000; the chime of bells nearly \$30,000. The bell frame, which is of wrought iron plates, and the dials and hands provided by the architect, cost \$58,000. The height of the clock above the pavement is 175 feet. It is a curious circumstance that the accessories of the clock cost more than four times as much as the clock itself.

MADE MONEY EASILY.

A Draft on the Sultan That Was Unexpectedly Honored.

A certain speculator had need of a large sum of money for his operations, and found himself with a very small balance in the bank. He consulted a friend as to how he could get over the emergency. The friend suggested that he should draw on somebody in another city. The operator said he knew no one that owed him, and the friend insisted that that would make no difference if the draft did not return too soon.

The operator reflected a time and then wrote out a draft on the sultan of Turkey for \$2,000 and deposited it in the bank. The draft came into the hands of the Rothschilds, who forwarded it to Constantinople, and it was duly presented to the sultan's chamberlain.

"Who is this man?" asked the chamberlain of the sultan's treasurer.

"Don't know him," replied the treasurer.

"Do we owe him anything?" asked the chamberlain.

"No," replied the other.

"Then do not pay it," decided the chamberlain.

"But if I might advise," said the city treasurer, "the draft came from the Rothschilds, with whom we are negotiating a loan. Would it be safe, under the circumstances, to dishonor it?"

"Pay it," said the sultan's chamberlain, and so the speculator was \$2,000 richer than he knew, to his own great astonishment.—Weekly Telegraph.

Here Is True Economy.

Shoreditch has just inaugurated an electric lighting system of a novel kind. The steam for the engine to drive the dynamo is being generated by the burning in specially-constructed furnaces of the dust and refuse of the parish which formerly cost the local authority a considerable sum to get rid of.

IGNORANCE in regard to paint materials or painting would seem in this age to be inexcusable, when full information can be had free. If interested, it will pay to get pamphlet and color cards, also twelve pictures of houses painted in different shades or combinations of colors, free. Send your address.

OFFICE 11 SOUTH MAIN STREET.

—TUESDAY, NOV. 16, 1897—

Mayor Weaver will take the oath of office in Louisville to day.

Richard Folson Cleveland is the name of Grover's new boy.

Yellow fever is rapidly disappearing in the South and all quarantines are being raised.

With nine counties out officially but closely estimated to be unofficial returns, Shackelford's plurality is 17, 137 in the State

Judge W. F. Hall, Democrat, will contest the election of Judge Moss, one of the few Republicans elected circuit judge. His majority was about 200. Fraud is charged in Harlan and Bell counties.

Tom Pettit and Gov. Bradley are having a war of words in the news papers over a demand Mr. Pettit made for an investigation of the sheriff's office in Daviess county. The Governor has the best of it so far.

It is by no means certain that Mark Heck can be saved out of the Ohio wreck. The Republicans have five majority on joint ballot, but seven Republicans in Hanna's own county are opposed to the boiler and an open fight will be made to prevent his return to the Senate.

Coal miners at Braceville, Ill., to the number of 700, have again gone out on a strike. The final terms of arbitration have never been agreed upon and the men refuse to quit work until a settlement was reached. All of the miners in Northern Illinois may join in the strike.

The coming Legislature will have a good deal of important work before it, but much attention will doubtless be paid to reforming the election laws and investigating the mismanagement of public institutions in the State. Interesting developments may be expected when the investigating committees get to work in the penitentiaries and asylums.

The four Democrats, who constitute a majority of the new city council to go into office December 3, will caucus and make nominations for every office at their disposal, and elect none but free silver Democrats. The minority members will not be allowed to have any voice in the election of city officials, unless they choose to vote for the Democratic nominees.

Henry Williams, the well known young newspaper man of Bowling Green, is a candidate for Enrolling Clerk of the Kentucky House of Representatives. Mr. Williams is a son of Mr. J. P. Williams, of Montgomery, Trigg county, and is one of the brightest young men in this end of the State. The Kentuckian would be glad to see him succeed in his undertaking.

Editor John H. Westover, of the Williamstown Courier, was this month elected County Judge of Grant county. He is one of the most popular members of the State press, the husband of a charming young wife and the father of two boys, who grow more like their dad every day. In addition he has friends by the score all over the State who are glad to see these numerous blessings come his way. Unless you are hard to please, John, you ought to kill the biggest turkey in Grant county on the 25th.

Five bright and brainy newspaper men will be members of the next Kentucky house of representatives. They are John M. Molan, of the Murray Ledger; Robt. C. Walker, of the Crittenden Press; Emmett Orr, of the Owen News; R. E. Richardson, of the Hart County News, and W. Bennett Henderson, of the Princeton Banner. They are all representative workers in journalism and if there is ever to be an effort made to secure a better advertising law for Kentucky now is the time. Let President Gaines, of the K. P. A., at once appoint these gentlemen a committee on legal advertising with power to act in a double capacity.

MATRIMONIAL.

Mr. Walter W. Gilliland, manager of the cloak department of the New York Store, and Miss Mamie McBride were married Thursday afternoon in the pulpit of the Walnut street Baptist church, Louisville.

POWELL-MITCHELL.—Mr. A. S. Powell and Miss L. M. Mitchell, of Kirmansville, eloped to Clarksville Friday and were married by Squire Baggett. The wedding took place at the court house in the presence of a large crowd.

HARDY-LOVELACE.—Mr. W. Hardy and Miss Alice S. Lovelace were married at 9 o'clock a. m., last Sunday by Rev. David Turner, of the Baptist church. The ceremony was said at the home of the bride's parents, near Sinking Fork.

WILSON-COOK.—Mr. Wm. Wilson and Miss Lou Cook, both of the Crofton country, were married Sunday evening by Rev. W. O. Rickard, of the Methodist church. The wedding took place at the home of the bride's father, Mr. J. C. Cook.

Mr. Wm. J. Garrett, a prominent young Pembroke farmer, and Miss Nell Weston Graves, were married at 9 o'clock a. m., last Sunday by Rev. W. C. Graves, late of Weatherford, Texas, but now of this city, will be married at the Baptist church in Pembroke next Thursday evening. Rev. J. G. Bow will perform the ceremony.

WATSON-GLAISBROOK.—Mr. S. D. Watson and Miss Cora Lee Glaisbrooks, of Webster county, passed through this city last Thursday evening enroute to Clarksville, where they were married the same night. It was an elopement. The young couple returned to their Kentucky home Friday morning.

Invitations are out announcing the approaching wedding of Dr. Noland S. West, of Pembroke, and Miss Salena Hill, daughter of Mr. Jas. D. Hill, of this city, which will occur on the 24th inst., at the home of the young lady's parents. Dr. West formerly lived in Bowling Green and came to this country only a few months ago to practice dentistry.

The profits for Monte Carlo's gambling tables for the year ending October 31 were a million dollars below those of the previous year. The suicides during the year numbered thirty-five.

Clarksville is the biggest town of its size in the world. No other town of 10,000 inhabitants can make such a showing as Clarksville made with her carnival. Hopkinsville, for instance, has been trying for a month to get up some fireworks like we had on the river last night, but so far the effort has failed. Up to date the enterprise has been postponed four times "on account of the weather." Hopkinsville ought to move over to Clarksville.—Clarksville Times.

Excuse us from moving to a town where the people hold carnivals to celebrate the massacre of their own ancestors. It would be a good place for the fool killer to locate.

The court of appeals has affirmed a lower court upholding the Auditor in refusing to pay \$5 fees in felony cases to the Circuit Clerks, whose terms are just now expiring, and who were elected before the \$3 fee law went into effect. Many such fees had been paid before Auditor Stone made his point, and Attorney General Taylor thinks the Circuit Clerks will have to pay these back to the State. According to this decision, Circuit Clerk Starling, of this county, may be deflected to the extent of \$200.

Representative Dennis McQuot, of McCracken county, has announced himself a candidate for Speaker of the next House, and as he comes from a district having a solid Democratic delegation, his chances for success are first rate. He is a new member, but the new members are largely in the majority and they may take a notion to organize the House themselves. Mr. McQuot has been one of the leaders of his party in the First district for several years.

The Clarksville people had a big carnival and military pageant Friday in celebration of the anniversary of the massacre of their forefathers. This was an unusual kind of celebration, but it was a big success and the Tennesseans did themselves proud. The Hopkinsville soldier boys were on hand to help give tone to the crowd.

Cataract cannot be Cured with local applications, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what secures its success in curing Cataract. Send for testimonials, free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, price 75c. LITTLE GIRLS' CAPE.

A Combination Hood and Cape for the Little Girl.

The little girl who wears a hood can find herself nicely suited with a little garment like this. She can put it on the first cold days of autumn for school wear, or she can wait until the Jack Frost weather and then wear it over her heavy undergarment. It is a general utility garment.

This cape is made of English green hunting cloth. It is lined with black

silks throughout, and its only trimming is heavy, quilted red silk, which is put on all around the edge. The pattern is precisely like the outline here given, and one woman who recently made such a cape took for her pattern the top of a card table that measured three feet

across.

The hood was cut out in the same way and sewed upon the neck of the cape.

Clay's Memory for Faces.

Henry Clay's memory for faces, as is

generally known, was little short of

marvelous. The following is one of the

numerous stories illustrating his wonder-

ful faculty: On one occasion he was

on his way to Jackson, Miss., and the

cars stopped for a short time in Clinton.

Among the crowd who pressed forward

was a vigorous old man, who insisted

that Mr. Clay would recognize him. He

had lost one eye.

"Where did I know you?" asked Mr.

Clay, fixing a keen glance on this man.

"In Kentucky," was the reply.

"Had you lost your eye before then,

or have you lost it since?" was the next

question.

"Since," answered the old man.

"Turn the sound side of your face to

me, so I can see your profile," said Mr.

Clay, peremptorily, and the man

obeyed. "I have," said Mr. Clay, after

a moment's scrutiny of the profile.

"Didn't you give me a verdict as juror

at Frankfort, Ky., in the famous case of

the United States versus Innis, 21 years

ago?"

"Yes, sir," cried the old man, trem-

bling with delight.

"And lost your name Hardwick?"

queried Mr. Clay, after another minute.

"I told you he'd remember me," cried

the old man, turning to the crowd. "He

never forgets a face."—S. Y. Tribuna.

FOR ONLY

A Modern High Arm Sewing Machine

With all the latest im-

provements.

The best Machine for the

least money ever manufact-

ured.

Light running, noiseless

simple, durable.

Every Machine warranted

10 years.

A \$50 Machine for \$21

and freight prepaid.

Cash must accompany all

orders.

Description of the Improved New Mathews Machine:

This machine is manufactured with the view of supplying a long felt

want, to wit: A Modern, High Arm, first class Sewing Machine with all late

improvements and of first-class material and good workmanship, including

the best and latest Attachments at a reasonable price. A book of instruc-

tions accompanies every machine.

SPECIFICATIONS.

The Head—Is five and one-half inches high and

eight and one-half inches long, inside

measurement. This is as high as any family

machine made, and it is so constructed

with the medium or so-called high arm ma-

chines. The head plate sets into or level with

the table.

The Needle—Is straight, self-acting, and can

be raised and lowered by hand, and can

be set to sew on one side and cannot be set wrong.

The Shuttle—Is open on the end, cylinder-

shape and absolutely self-throwing.

The Bearings—Are all steel, well fitted and

adjustable.

Self-throwing—The machine is self-throw-

ing, and no hole to put the thread through

except the eye of the needle.

The Pedal—Is positive in action, and has no

spring to get out of order.

Automatic Bobbin Winder—Will wind the

bobbin as smooth as on a spool of thread.

The Needle—Is four or five inches long, and

can be set to sew on both sides and will not run.

The Tension—Is a flat-spring tension and ad-

justable to all sizes of thread.

Hand Wheel—Is nickel plated and has a

loose wheel attached to operate bobbin-winder

without running machine.

The Movement—Is the celebrated eccentric

movement, positive in action and fewer work-

ing parts than any machine on the market.

The Stand—Is a large, heavy, cast-iron stand,

has two adjustable casters. The machine is cast

and hangs in one center and all but machine

can be taken up, casters under each end, and

can be easily moved. A nice dress stand over

the wheel to keep dress from getting on wheel.

Attach—Bobbins—Are the famous Johnson's, set

in a tin box, and consists of tucker, raffer,

four-bummers, binder, quilting foot, hemmer

and feller, under brader and sheerer, oil can

and oil, two new drivers, six bobbins, paper

of needles, thumb screw, gauge, and book of

directions.

The Pedal—Is well made, highly polished

and elegant in appearance. All

machines will be sent out with oak furniture

unless value is specified. Each machine has

about the drawers and covers, nice nickel-

plated drop rings to all drawers. All machines

are well packed and crated.

READ OUR GUARANTEE.

The New Mathews Machine is warranted to

give from date of purchase and thirty days

trial of it. If perfect and entire satisfaction

is not given, the machine may be shipped to us

at our expense, and the money paid as

well be refunded promptly.

Under this guarantee you run no risk what-

ever in purchasing the New Mathews Machine.

You have thirty days' trial of it in your own

home, and for any reason you should wish

to return the machine it may be shipped to us

at our expense and the money will be re-

turned.

Miss Hanna Craven, daughter of Mr. Wm. Craven, of the Gracey neighborhood, is extremely ill of typhoid fever at the home of her sister, Mrs. W. A. Rickman, in this city. She had been very sick for several weeks, but was thought to be on the road to recovery, when she suffered a relapse and it is not thought that she can survive the day.

Evangelist Morton W. Plummer preached to large congregations at the Baptist church Sunday morning and night. His sermons were largely expository and quite appropriate, and made an excellent impression. He will preach at 3 and 7 p. m. daily through this week. He was ordained by Dr. A. J. Gordon, of Boston. His knowledge of Scripture is most remarkable. All are cordially invited to the services. The Baptist church extended the courtesy of the use of the house for this week to Rev. Mr. Plummer. He is not a "Holiness" believer or preacher in the sense that senseless is attained in this life, but believes and preaches that sanctification is the progressive work of the Holy Spirit continued through this life.

Fred C. Sanchez, the young scapegrace of Deuver, who married a Metropolis, Ill., girl named Jennie Warren on Aug. 22, and murdered her on Oct. 23, has been tried and convicted of murder in the first degree. BLADDER TROUBLES.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one or two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

SAMPLE SENT FREE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. It is comforting to know that Dr. Kilmer's Swamp Root fulfills every wish in quickly curing bladder and urinary troubles. It corrects frequent calls, inability to hold urine and scalding or stinging pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Dr. Kilmer's Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. All druggists, fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the KENTUCKIAN and send your address to Dr. Kilmer and Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Farmers Please Notice.

The prolonged drouth has led some to think we were short of water at Glenwood, but it is a mistake, we have had plenty all fall. We have a large stock of flour and meal ahead, our capacity is good and we can exchange or grind for you promptly on arrival. We guarantee the quality of our Ladies Choice and White Elk flours to be equal to any. Our mill is known as Glenwood Mills and is located on Little River, about 3 miles west of Cadiz, on the old Jackson mill site. Bring us your grinding and we will please you in quality and turn out.

Oil in Christian County.
I have in my hands for sale a fine farm of 667 acres, on which there are sure signs of petroleum. There is a well on the farm 95 feet deep, and in the Spring of the year the water is so strong with kerosene that the stock will not drink it. This farm must be sold. If you want to get rich write or call on W. S. Hale, att'y, Hopkinsville, Ky.
